PRODUCT SPECIFICATION

Series 28 Locking Insert

SERIES 28

**ZINC ALLOY LOCKING INSERT
HOUSING OUR SEVEN-PIN
OCTAGON MECHANISM.**

OVERVIEW

Ideal for T-handles and Locking Hardware.

Based on the standard Insert widely used in vending T-handles, the **Series 28** Locking Insert offers improved security benefits thanks to Camlock Systems acclaimed Octagon mechanism, including over 500,000 key combinations and anti-drill resistance. Available with a standard latch, flush latch or deadbolt.

Product features

- o Anti-drill centre for added protection
- o High quality zinc alloy with chrome plating
- o Medium physical and manipulation resistance
- o Ideal for standard-size T-handles
- o Suitable for both indoor and outdoor use
